

Deleting a tender

In case a bidder wishes to no longer respond to a tender that they had previously saved to their “My Tenders” list, they can do so by selecting the “Delete tender from list” link on their tender response page. By doing so the Bidder will delete the Tender and their submission, if all information saved by the bidder specific to the deleted tender will be lost.

type your question here Send

YOUR TENDER RESPONSE
Upload only PDF or .zip files for your response.
Please upload one (1) document at a time.
Max number of files that can be uploaded: 3 (1 per category)
Max file size: 30MB
Your response will be saved automatically, but will not be submitted unless you click on the Submit button.
Ensure you submit your response before the tender close time for your response to be eligible for evaluation.
You may edit your response until the close date.
